

SECTION 5

FACILITY EXTENSION PLAN REQUIREMENTS

5 - 01 GENERAL REQUIREMENTS

A. General Design, Plan, and Note Requirements

1. The general design, plan, and note requirements of Section 3 shall be adhered to as applicable.
2. Upon execution of a "Utility Extension Agreement" in accordance with BIMC 13.32 the applicant will receive a reference number. The number shall be clearly shown on the bottom right hand corner of the plans. All correspondence with the city relating to the project shall clearly reference said "Utility Extension Agreement" number.
3. Any and all infrastructure installed within the public right-of-way will become property of the city when inspected and accepted by the City. This acceptance will include a warranty period of two years. A two-year maintenance bond is required.
